

Get Prepared for a Skilled Trades Apprenticeship

Are you interested in a union apprenticeship at a public agency? Get the skills you need to pass the exams and be successful in your job search.

GET STARTED: www.jvs.org/skilledtrades

Are you interested in hands-on work? Union apprenticeships and careers at public agencies offer great benefits and opportunities for advancement. Get prepared to perform well on apprenticeship and civil service exams with this **free 7-week program**. Women and job seekers with previous conviction histories are encouraged to apply.

This part-time program provides:

- Preparation for success in the union apprenticeship and civil service process
- Referral to local apprenticeship and civil service testing opportunities
- Instruction in math, test-taking strategies, and spatial & mechanical reasoning
- Job search skills, interview prep and resume assistance
- Site tours of potential employment sites at water and wastewater agencies
- Weekly stipend provided

Application Process:

1. Fill out the online application here: www.jvs.org/skilledtrades
2. Eligible applicants will be contacted for a phone screen
3. Attend a math test prep class (optional)
4. Attend required math assessment and in-person interview
5. High scoring applicants will be accepted
